

REDUCE YOUR CARBON FOOTPRINT

BY CORRECTLY
DISPOSING OF YOUR
INHALERS!

The propellants in some inhalers are powerful greenhouse gases that contribute to **climate change**

After an inhaler is finished it still contains these harmful gases

Return your used inhalers to your local pharmacy

Don't throw used inhalers in household waste!

Make each puff count!

Only order your inhaler when required to reduce waste

If you have concerns about the environmental impact of your inhaler make an appointment with your practice nurse - **don't stop using your inhaler!**
